

# The Super Seven's Disco Activity Pack

## Can you help me?

Get in your best party outfit  
and put on some tunes.  
We're having a disco.

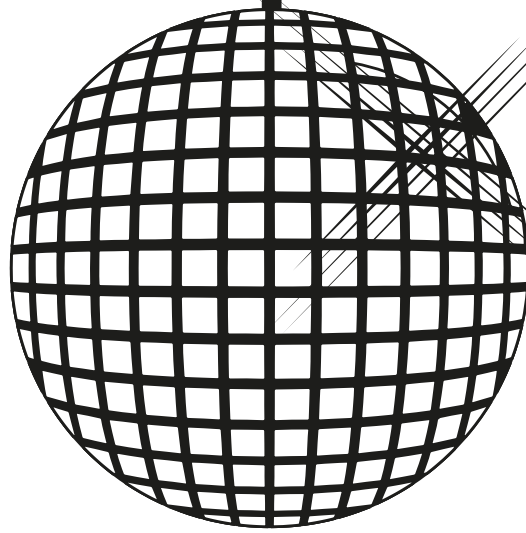

# Musical Genius

## Music to my ears!

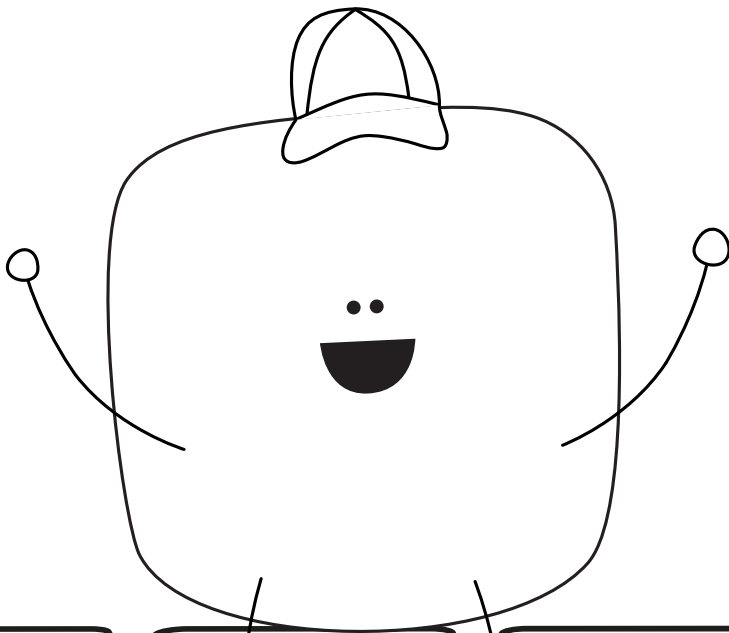

Create your own song to sing and dance to. Write the lyrics and draw the instruments below.

Grab whatever you can and make a beat out of it. Pots & pans make great drums!

**Let's get this party started!**

Colour in your perfect disco party!  
Who's with you? What will you wear?  
What tunes are playing?

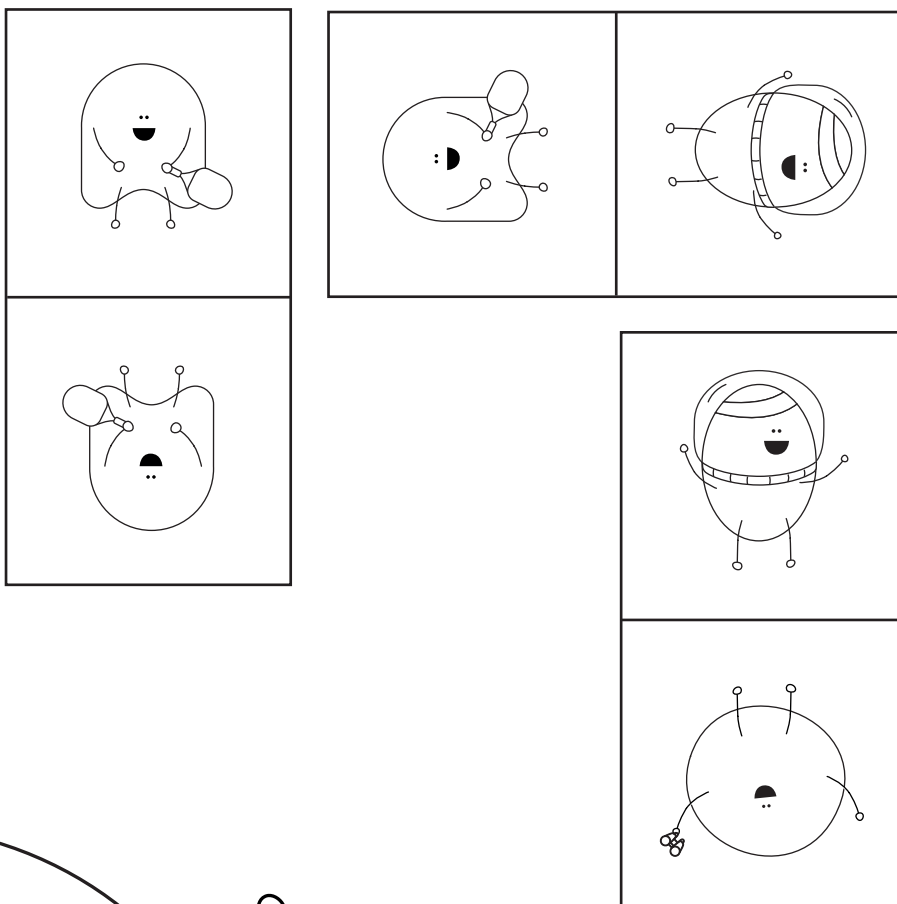

# Disco Dominoes

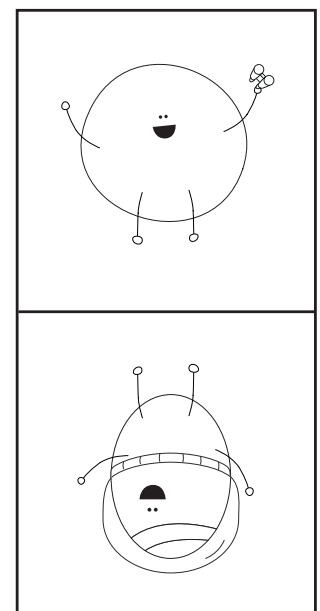

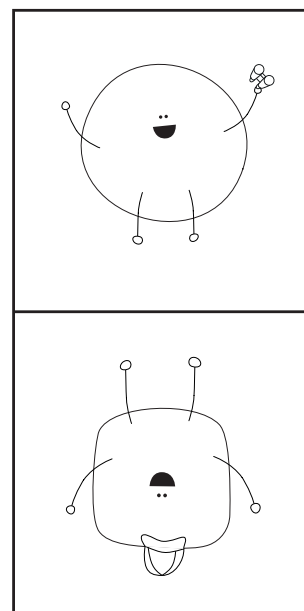

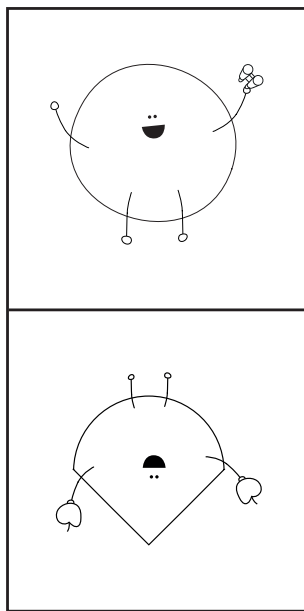

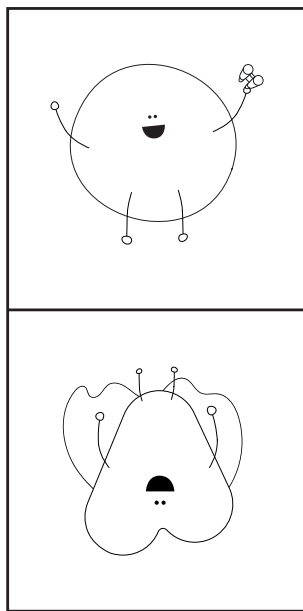

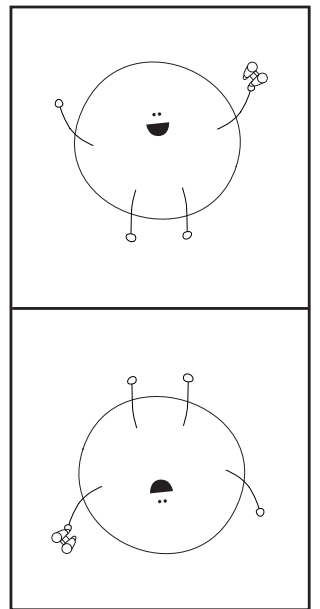

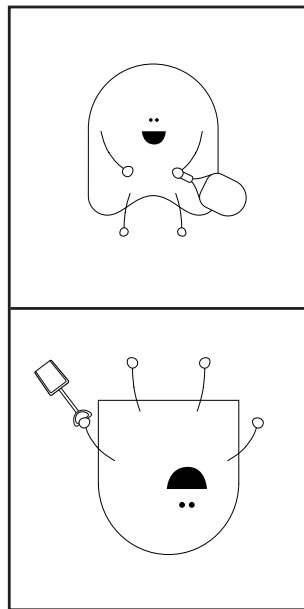

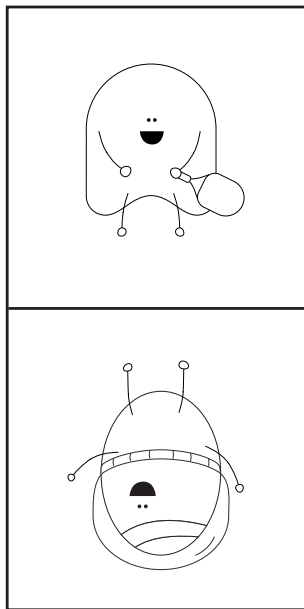

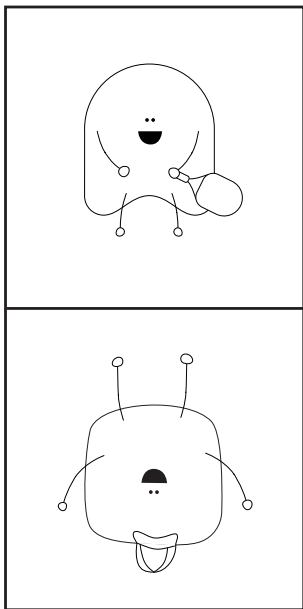

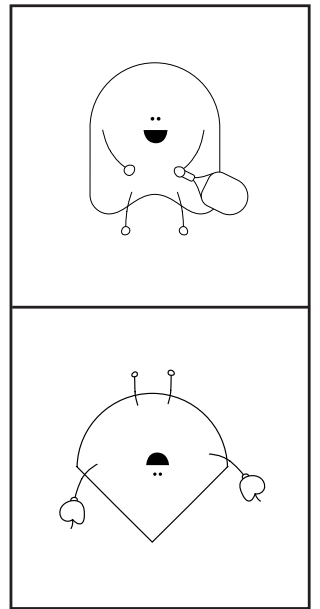

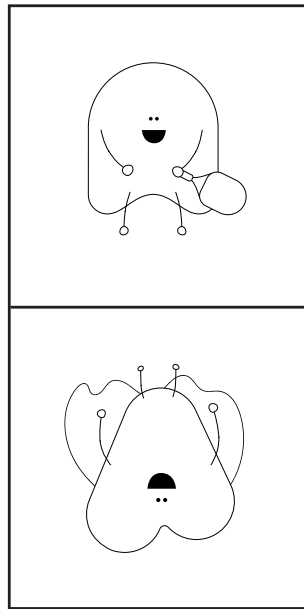

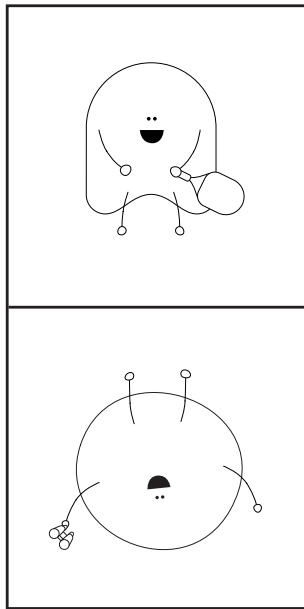

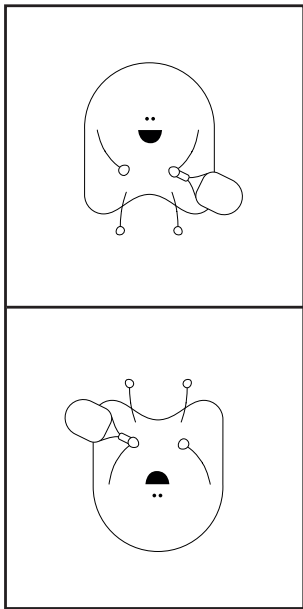

## Can you match us up?

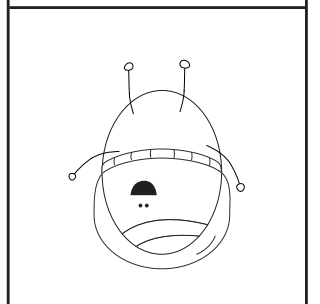

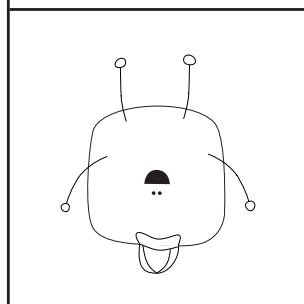

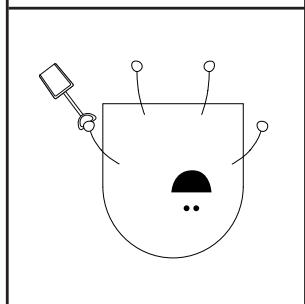

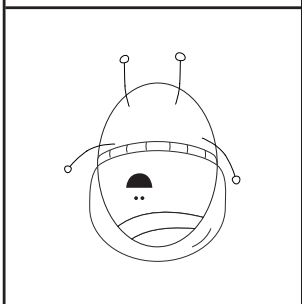

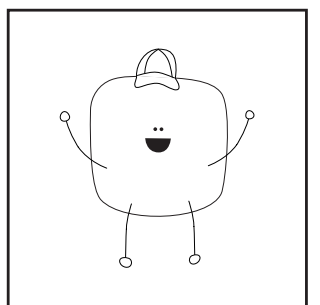

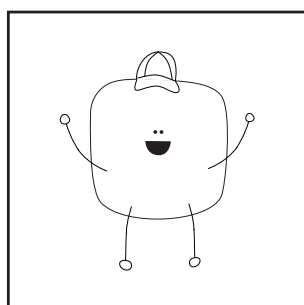

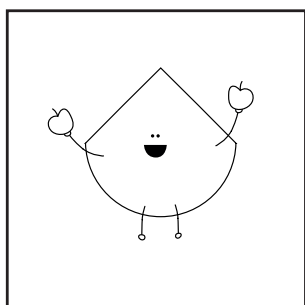

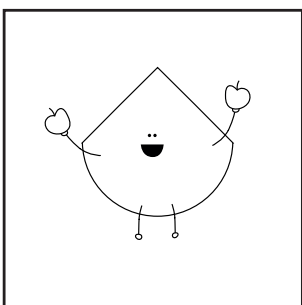

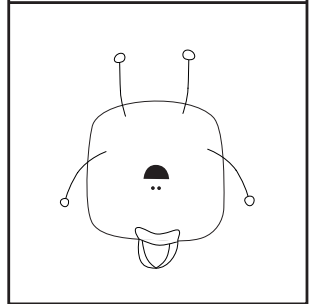

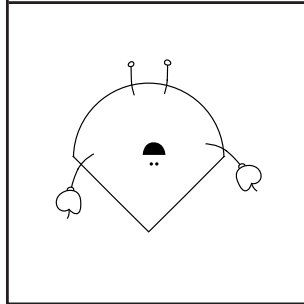

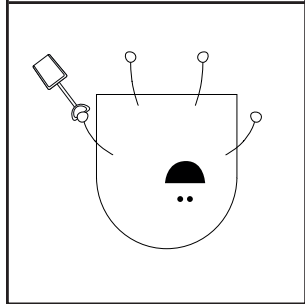

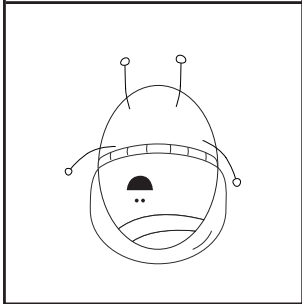

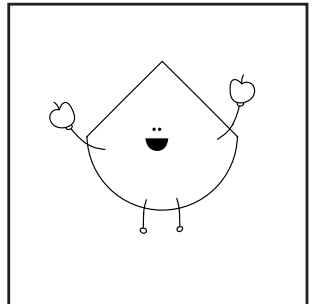

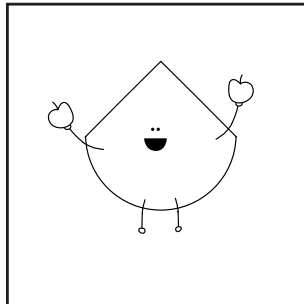

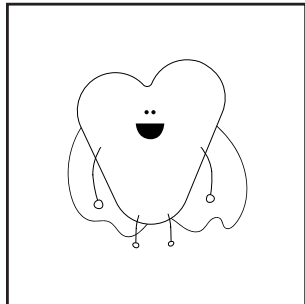

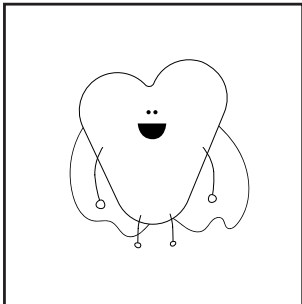

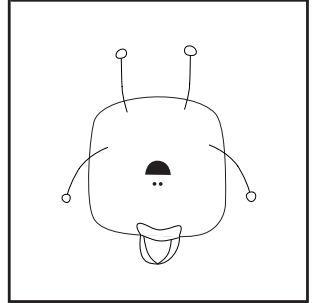

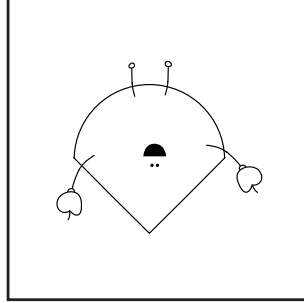

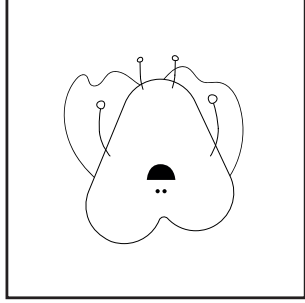

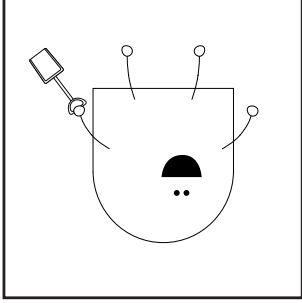

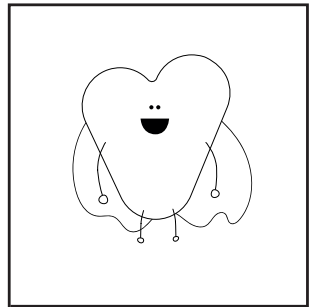

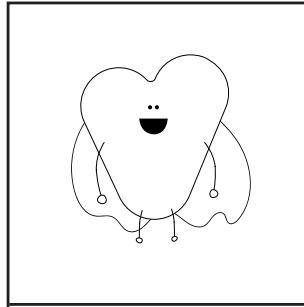

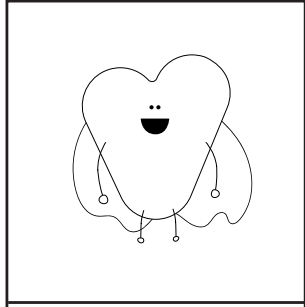

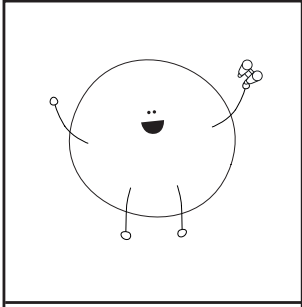

Match the end of the cards up and see how long you can make the links. Play by yourself or with others.

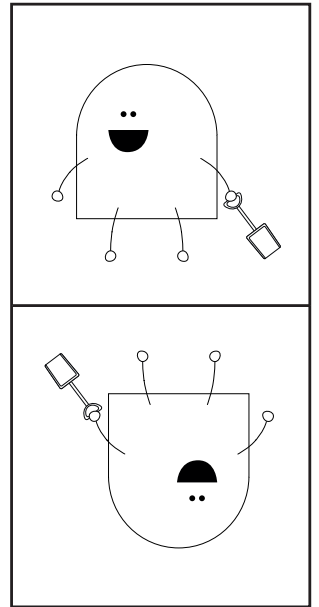

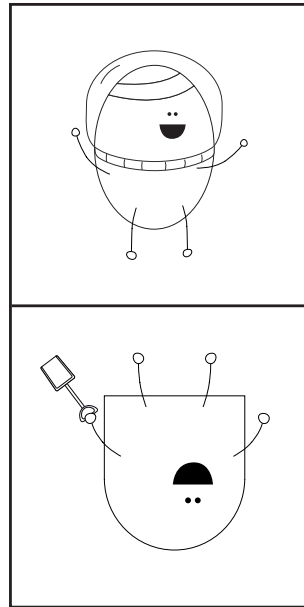

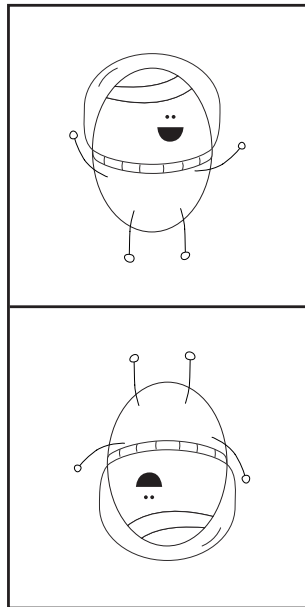

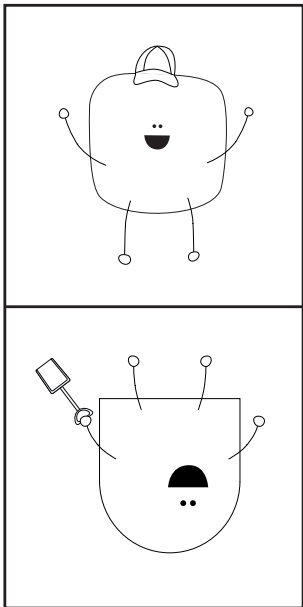

*Example:*

Cut out the domino pieces (with help from grown ups!) and set a time limit to see how many links you can make.

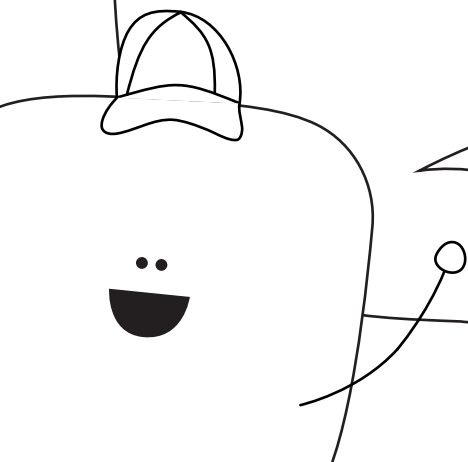

# scores

Record your scores here.  
Try and beat them each time you play.

That was fun! What a great way  
to keep your mind active.
